## Why Choose Us?

- Recognized and accredited by the Dental Council of India, University Grants Commission and holding NAAC A+ accreditation
- With the vision of being committed to promoting, preventing, treating, and advancing research in oral health, our faculty provides top-tier dental education, blending academic excellence with clinical expertise.
- We empower students with value-based learning, preparing them for impactful careers and providing advanced infrastructure for teaching, learning, simulations, research, and patient care.
- Recognized globally for research & innovation, we strive for excellence in every aspect of dental sciences.

## State-of-the-Art Facilities

- Dental Implantology Centre with dedicated Implant OT
- Cleft Lip & Palate Centre with dedicated major and minor OT
- Advanced CAD-CAM Laboratory
- Dental Xpertz Clinic
- Pre-Clinical and Oral Pathology Laboratories
- Virtual Anatomic Dissection Table

## State of the Art Equipment

- Enhanced treatment under Dental Operating Microscope, LASER units and well-equipped dental chair units
- Mobile Dental Van for outreach services
- Advanced Diagnostic Equipment like CBCT Units, RVGs, Xray Units, Orthodontic analysis tool

**Experienced Faculty:** A team of highly skilled and qualified faculty members who are dedicated to academic excellence and professional development by ensuring comprehensive education and training for students.

**Research Excellence:** Rich experience in extramural research with government bodies like SERB, ICMR, ICSSR, BIRAC, DBT, and other corporate and social welfare institutions.

**Extramural Grants** Students and faculty members actively participate and secure extramural grants from government bodies like SERB, ICMR, ICSSR, BIRAC, DBT, etc, to support its research and innovation initiatives. Undergraduate students have successfully received grants through ICMR's Short-Term Studentship Schemes.

**Publications:** Faculty members and students regularly publish their findings in national and international journals, contributing to the global dental research community.

### Global Partnerships:

MOUs with international institutes allow students to be part of international exchange programmes.

### Industry-Academia Collaboration:

Active engagement in academic and industry collaborations to enhance education, research, and professional development. Interactive sessions with industry experts and workshops that enhance students' understanding and skills.

### Hands-on Learning:

Rich experience in working with patients, allowing them to apply their theoretical knowledge to clinical practice under the able guidance of faculty members.

### Community Outreach:

The faculty organizes dental camps in rural areas, promoting oral health education and providing affordable dental care to needful communities. They develop strategies for improving dental care services, especially for underprivileged groups.

### Pedagogy

Pedagogy Competency-based curriculum that integrates an innovative, student-centred pedagogical approach to foster critical thinking, collaboration, and self-directed learning.

### Mentor-Mentee Program:

Students receive personalized guidance to enhance their academic and professional growth.

### Extracurricular Activities:

The college organizes cultural, academic, and sports events year-round to foster intellectual and personal development.

## Career Pathways

We empower our students with many career pathways to shape their future and unlock their potential in diverse fields

### Corporate Jobs

Step into prestigious roles in healthcare management, leading corporate chains of dental clinics, dental product marketing, clinical research, or medical device companies, where your expertise is highly valued.

### Higher Studies

Elevate your knowledge with advanced degrees in India or abroad, paving the way for specialization and leadership roles in academics or industry.

### Entrepreneurship

Turn your dream into reality by starting a private clinic/hospital, advanced dental laboratory, or innovative dental tech venture, armed with skills and specialization learnt & developed at SGT University

### Research & Innovation

Be a trailblazer in oral health sciences by contributing to groundbreaking research, publishing scholarly work, and joining reputed research institutes.

### Academic and Research Careers

Opportunities in Teaching, Academic Research, and cutting-edge innovation at universities, colleges, and research institutions of National and International repute.
