Message from the Vice Chancellor

Founded in January 2013 under the Haryana Private Universities Act No. 8 of 2013, Shree Guru Gobind Singh Tricentenary University is a center of excellence for the fulfillment of the dreams of curious young minds intending to pursue higher education in cutting-edge and career-oriented courses.

The university is dedicated to upholding the goal of transforming young participants into human assets through multidimensional pedagogy, blended with innovative course curricula, up-to-date teaching techniques, hands-on training, intensive personality development, and mentorship programs. The university has state-of-art infrastructure, a hassle-free community, and highly qualified, seasoned, and committed faculty. In just ten years of time, the 18 faculties of the University are offering more than 180 programs. The institution focuses on research, holding seminars, conferences, continuous medical education (CME) programs, and workshops to foster innovation among the staff and students. We endeavor to become one of the best universities in the region and we are continuously stepping forward in this direction.

The university has the UNESCO bioethics Unit of the International Network of Bioethics to train future instructors, students, and paramedical personnel in developing a current syllabus for medical ethics education.

Regular Techno Fest 'Synergy' is held at SGT University to highlight the creative work of the staff and students. The University provides intra-mural funds for such Technical Extravaganzas, where a significant number of students from all Faculties of the University showcase their talents through original and innovative models created by them. Such activities are inspired by the initiative of the Central and State Governments to "Make in India" and "Start-up India.", particularly under the aegis of Atal Community Innovation Center (ACIC).

The landmark initiative that's CEAPS has undertaken is the **"Transformative Andragogy at SGT"** initiative, which is a groundbreaking effort to reshape the university's educational landscape.

The Research & Development Council (R&D) of the University aims to create and support research culture among its faculty and students and leverage it to enrich and enhance the professional competence of the faculty members. The compilation of the University's research data in the form of Research Grants, Journals and Conference Publications, Patents, etc., created a vibrant research profile of the University. University encourages undergraduates to do research projects that inculcate project writing skills at an early professional age. The R&D office of the University is working enthusiastically for the smooth conduction of research activities throughout the 18 faculties of the University.

In 2023-24, the University received a huge amount from two Extramural Research Grants and two Conference Grants from various funding agencies (CSIR, ICSSR, MoEs, INCOIS, etc.). Apart from that, the University provides financial assistance to the faculty members through seed money (Intramural Research Grants and Synergy).

Our students are placed in various organizations and professions. A few to highlight are the Indian Administrative Services, Indian Police Services, Army Dental Corps, UNICEF, UAE, Haryana Health Services, Corporate Sectors, Universities, Colleges, Clinics, Hospitals, and many other highly regarded institutions in India and overseas. A Corporate Resource Center (CRC), staffed by an excellent team of Corporates, has been formed by the university to facilitate the placement of final-year students. The university has a contemporary infrastructure and campus environment, well-equipped research labs, an Internal Quality Assurance Cell (IQAC), incubation centers, well-stocked libraries, an auditorium, a wi-fi campus, social clubs, and housing options for both students and staff. It also has ample facilities for indoor and outdoor games, sports, and cultural activities.

SGT University provides health services in its 822-bedded hospital at affordable charges. The Faculty of Dental Science treated 13200+ patients through more than 148 free dental screening and treatment camps at rural outreach locations. Comprehensive Cleft-lip and palate care are offered by the university's Nav-Muskaan Cleft-Lip and Palate Center. They successfully performed a substantial number of surgical procedures at no cost for the benefit of needy people. SGT University has constituted “Samajik Vikas, SGT ka Prayas (SVSP)” group formerly known as Community Action Group to serve and give back to the society the intellectual and practical knowledge gained through academic rigor. The outreach activity aims to address a wide range of community needs across various sectors, including community, schools, old age homes, orphanage homes, industries, farmers, youth, women & adolescent groups, ground level health workers, general population and all the needed areas where we can contribute in a significant manner to bring a desired change. It adopted Budhera village providing free access to civil, legal, social, and other ad-hoc medical, health, and development services to its inhabitants. As part of its outreach initiative, our university offers free medical services to 50 adjacent villages in the Jhajjar District. The faculties of Medical and Dental Sciences of the University adopted Government Schools of Garhi Harsaru, Iqbalpur, Kaliawas, Sultanpur, Ullawas, Sudharna of Gurugram villages, and in many private schools of Farrukh Nagar to provide free health care services to the residents regularly. Overall, outreach activities facilitated meaningful interaction and engagements with participants, empowering them with knowledge, skills, and resources to lead healthier and more informed lives.

The University was accredited A+ Grade by NAAC in year 2023.

Based on the results and achievements demonstrated, we are optimistic that SGT University will leave an enduring impression of greater accomplishments with more committed efforts in the upcoming academic sessions.

Shree Guru Gobind Singh Tricentenary University was established on 24th January 2013 by the Haryana Private Universities Act No. 8 of 2013 to spread the messages of Shree Guru Gobind Singh Ji for the upliftment and betterment of mankind that can be best achieved through specialized and quality education. The university is founded on the pillars of developing leadership, encouraging innovation, and disseminating strong ethics along with its dedication to achieving the objectives through academic excellence in all spheres of knowledge.

The university has a 70+ acres lush Green Campus in Delhi-NCR at Budhera in the vicinity of Gurugram - the emerging commercial and educational hub of the country, with modern infrastructure and an excellent academic aura. The campus is beautifully planned to give an eco-friendly atmosphere and ambiance that will encourage learning in line with its vision and goal.

SGT university has made significant progress in the last ten years since it was founded in terms of hiring highly qualified, experienced, and competent teaching and non-teaching staff, building smart classrooms, well-equipped labs, a rich library, high-speed internet services, playgrounds, clubs for extracurricular and co-curricular activities, boys' and girls' hostels, residential housing, transportation, and other necessary facilities.

Having made significant contributions to the medical sciences, now the university is imparting knowledge and developing skills in 180+ courses through its 18 faculties covering Undergraduate (UG), Postgraduate (PG), and Doctoral programs (Ph.D.). The university organizes regular Continuing Education Programs (CME & CDE) Seminars, Conferences, Workshops, and specialized lectures by eminent academicians and corporates to expose the faculty and students to the most recent and cutting-edge developments in their respective fields. The University presented a commendable position in the publication of research papers. During the year 2023 and 2024, the teaching faculties of various disciplines published 354 research papers, 128 Book Chapters, 65 Books. A total of 9 patents were also registered by the University.

Currently, the University imparts education from Undergraduate to Ph. D level in the Faculties of Medicine & Health Sciences, Dental Sciences, Nursing, Allied Health Sciences, Physiotherapy, Commerce & Management, Law, Hotel & Tourism Management, Engineering & Technology, Mass Communication & Media Technology, Sciences, Behavioural Sciences, Indian Medical System, Agricultural Sciences, Fashion & Design, Education and SGT College of Pharmacy.

CHAPTER - 2

2. Faculties of the University:

The university is imparting education for various courses through 18 Faculties, briefly covered in the following subsections.

2.1 Faculty of Agricultural Sciences

The Indian agriculture sector supports the livelihoods of approximately 42.3% of the population and contributes 18.2% to the nation's GDP at current prices. Over the past five years, the sector has demonstrated resilience with an average annual growth rate of 4.18% at constant prices. However, provisional estimates for 2023-24 indicate a reduced growth rate of 1.4%. Despite its importance, Indian agriculture faces significant challenges, including declining and degrading land, water, and biodiversity resources; stagnant crop yields; decreasing farm incomes; climate change; and concerns about the sustainability of agricultural systems. To address these issues and turn challenges into opportunities, there is a critical need for quality human resources with innovative mindsets, modern technological expertise, entrepreneurial skills, and experiential learning to achieve academic excellence and practical relevance.

The Faculty of Agricultural Sciences at SGT University (ICAR Accredited), established in 2016-17, is well-prepared to tackle contemporary agricultural challenges. The faculty emphasizes innovative teaching methods, encouraging critical thinking, experiential learning, and discussion-based education. With a team of highly qualified faculty members from renowned agricultural universities across India, the institution fosters a vibrant and dynamic learning environment. The curriculum is aligned with the Indian Council of Agricultural Research (ICAR) standards, catering to both undergraduate and postgraduate programs.

The faculty is equipped with state-of-the-art infrastructure, including interactive digital classrooms, advanced laboratories, and specialized facilities for protected cultivation. Students gain hands-on experience in diverse areas such as floriculture, vegetable cultivation, medicinal and aromatic plants, and field crops. Additionally, in-house modules focus on skill development and entrepreneurship in areas like soil, plant, and water testing; vermicomposting; mushroom farming; beekeeping; organic farming; and agricultural waste management, ensuring comprehensive practical training.

Through its interactive, multidisciplinary, and holistic approach, combined with strong industry collaborations, SGT University provides students with extensive opportunities in agricultural research, education, and extension. This integrated approach aims to revolutionize agriculture, making it more productive, economically viable, socially inclusive, and environmentally sustainable, ultimately driving transformative change in the agricultural sector.

Career Opportunities

SGT agriculture Graduates and Postgraduates are taught and trained as per the Indian Council of Agricultural Research (ICAR) recommended syllabus; therefore, they are fully competent to be employed in public and private organizations and self-entrepreneurship. The SGTU helps its students to get suitable placement in various academic and research institutes, nationalized banks, agro-based companies/ industries/ MNCs/ NGO's etc. It facilitates its students in pursuing higher education in India and abroad. The ultimate objective is to groom the students to become good and informed citizens and future leaders of the country. The following career opportunities are available for agriculture graduates:

- Career in education and research in public and private organization
- Agriculture and Horticulture Development Officer in State department of Agriculture and Horticulture, respectively
- Soil Conservation Officer and Soil Analyst in state department of agriculture
- Seed Production and Seed Certification Officer in state department of agriculture
- Rural and or Agriculture Development Officer in public and private sector banks
- Technical Officer in sugar, fertilizer and pesticides manufacturing units
- Researcher in seed and vegetable production, value addition and processing and packaging companies
- Marketing Officer in seed, fertilizer and pesticides public and private companies

As entrepreneur in agribusiness (retail, wholesale, production) of seed, fertilizer, pesticide, planting material, organic products etc

2.2 Faculty of Allied Health Sciences

The field of Allied Health Sciences encompasses a diverse range of healthcare professionals who use their knowledge to assist patients in need of medical care. Allied health professionals work to prevent, identify, and treat diseases and illnesses. They also use their management and administrative skills to help the healthcare system and patients. They employ scientific principles as well as evidence-based practices. The demand for skilled allied professionals is increasing as the healthcare sector expands rapidly. Shree Guru Gobind Singh Tricentenary University entered the field of allied health education in 2013 when it launched degree and diploma programs in medical laboratory technology, operation theatre technology, radio-imaging technology, and optometry. The faculty now has 12 Graduates, 9 Post Graduates, and 6 PhD programs in operation. The faculty's courses are approved by the Haryana government.

SGTU provides regular modes of teaching through newer teaching methodologies, which are supplemented by intensive and rigorous practical training that equips students with knowledge of the latest techniques and trends, as well as training/internships both on and off campus, so that they can graduate as fully trained and thorough professionals. They are also given virtual learning in our cutting-edge, best-in-country simulation lab. In addition to other academic activities, the Faculty of Allied Health Sciences organizes

workshops, guest lectures, and industry visits for students in order to provide the latest trends in the medical technological field and enhance career opportunities. We also instill a research and innovation mindset in students by hosting technofest/Synergy style events. We have tie-ups with multiple international and national organisations of great repute. The Faculty has working collaborations for internships and training with reputed hospitals like RML Hospital, Delhi, Sir Ganga Ram Hospital, Delhi, BL Kapoor Hospital, Delhi, Sri Balaji Action Medical Institute (Delhi), Max Hospital, Gurgaon, Paras Hospital (Gurgaon), Columbia Asia Hospital (Gurgaon), Primus Hospital, Gurgaon, Sharp Eye Centre, Delhi and Centre for Sight, Delhi where students from our faculty are trained under the supervision of a specialized team for corporate placement in addition to their in-house training in our 878-bed hospital.

2.3 Faculty of Behavioural and Social Sciences

The Faculty of Behavioural and Social Sciences (FBSS) a prime faculty of SGT University was established in 2014. FBSS is a multidisciplinary centre of learning, research, and innovation that aims to understand and improve the human experience through diverse perspectives. The faculty has following departments under it running a variety of state-of-the-art undergraduate, post-graduate, licenced courses as well as the Doctoral programs.:

1. Department of Clinical Psychology – offers the Rehabilitation Council of India (RCI) recognised M.Phil. and PGDCP Programs in Clinical Psychology and UGC governed 4-year UG programs namely B.Sc. (Hons. with research) Clinical Psychology, B.A. (Hons. with research) Psychology, two-year M.Sc. Psychology program with Clinical, Counseling, and Forensic Psychology specializations and Ph.D. in Psychology/ Clinical Psychology.
2. Department of Arts & Humanities – offers B.A. (Hons. with research) English, M.A. English and Ph.D. English and some language-based courses tailored to meet the needs of our students of varying proficiency.

Since the University has a major focus on health and health related disciplines, the FBSC plays an important role in all the community programs run by the University with a special responsibility for the mental health component. It provides a good exposure to the students to the real-life settings and more so, sensitivity towards the needs of the rural population, which are usually left outside the mainstream of educational and health service delivery systems.

The faculty members' expertise spans across disciplines such as Psychology, Cognitive Science, Sociology, Political Science, English and Liberal Studies. Their research contributions not only enrich academic discourse but also offer valuable insights for addressing societal challenges and improving individual well-being. There is a strong inclination towards developing research mindedness and industry-based field training for students from the early stages.

The faculty embraces participatory, experiential, discursive and student-centric practices in its teaching-learning endeavors. The following are hallmarks of our teaching approach:

- Project Based Learning/Dissertation/Case Study presentations/Student's seminars
- Regular Field Visits/Field Training/Practicum
- Robust Organizational Interface with Mental Health Organizations and Experts
- Role Plays, SIS, Group Discussion, Problem Based Learning and Invited Lectures
- Critical Evaluation and monitoring of Teacher's Quality through periodical assessment.
- Summative Assessment based on multimodal pedagogy
- Organization of lectures, conference/ seminar/workshops, symposia, etc.

Training and Placement

Clinical Psychologists and counselors are in increasing demand at various professional settings, there they deal with mental health needs. The role of a clinical psychologist is being rapidly recognized in health care. They are consulted for a variety of purposes, ranging from expert advice to assessment, therapy, and rehabilitation. Applied psychologists professional and counselors need are at boom in school setups. They also work with NGO's in community setting, industry, organizations and so on. Our uniquely designed curriculum covers not only the foundational/theoretical aspects of the discipline but also integrates practical and field training needed to be a professionally skilled. 2.4 Faculty of Commerce & Management

The Faculty of Commerce and Management (FCAM) is committed to impart value based, cross cultural, integrated and holistic education. The faculty through its various programs inculcates experiential learning. The classroom at B-School itself transforms into a corporate board room where students participate in boardroom style discussions and engage through business simulation. They also practice solving real time business challenges. With a target to match industry expectations, FCAM has collaborated with various International agencies in the teaching & learning process. Along with other management programs from UG to Ph.D. level. Research is said to be the backbone of any University, to achieve heights in the research the faculty also offers a doctoral program in management and related disciplines under the guidance of eminent research intensive faculty members. FCAM is also targeting funded research projects.

The faculty has evolved its programs with integration of technology, case-based methods of teaching, project based assignments, and an entrepreneurial bent, abreast to the National and International standard which provides a practical orientation to the program participants.

Vision

“To aspire and develop skilled & socially responsible Management Professionals with a vision of excellence”.

Mission

Impart the highest quality of education and exposure to develop the next generation of business leaders with global outlook and capability to adapt the fast changing business paradigm of India and the world at large. By introducing new specialization and adopting an innovative teaching pedagogy, the Faculty has been constantly working to develop professionals with vision, courage and dedication to initiate and manage the change.

2.5 Faculty of Dental Sciences

Introduction: Faculty of Dental Sciences started, as SGT Dental College Hospital & Research Institute in 2002 is now among the frontline Dental Colleges across the country with its excellent infrastructure, state of art equipment. Highly qualified experienced faculty has carved a niche for themselves in the field of Dentistry aiming to develop multi-dimensional pursuance in advanced knowledge of Dentistry, commitment to excellence with moral & ethical values.

Vision:

Promote, Prevent, Treat & Research “Oral-Health” through collaborative and organized efforts.

Mission:

- Educating students in all basic and clinical subjects of Dentistry
- Impart ethical and scientific clinical training using state of art tools and technology
- Promoting research in futuristic oral health care.

- Work towards overcoming challenges of Oral Health Disease
- To organize Dental public health welfare programs by engaging populations, oral healthcare professionals and industry
- To develop overall personality of an individual through multidisciplinary engagements to make them good citizen first, then good Surgeon

Unique salient features of offered courses

- **All courses aligned with Dental Council of India**
 - Learning through application based scopes, seminar, clinical case presentation
 - Dissertation and training in advanced treatment procedures at par with global standards
- **Under Graduate Teaching Program (BDS)**
 - Pre-clinical training on dummies mimicking human oral cavity& Simulation
 - Clinical training & orientation at Dental clinics supervised by experienced faculty
 - Personalized guidance for advanced level treatment procedures on patients
- **Post Graduate teaching Program (MDS)**

Specialization in Oral Medicine & Radiology, Periodontology, Oral & Maxillofacial Surgery, Prosthodontics and Crown & Bridge, Conservative Dentistry & Endodontics, Pediatric & Preventive Dentistry, Orthodontics & Dentofacial Orthopedics, Public Health Dentistry and Oral Pathology & Microbiology.
- **Doctor of Philosophy (Ph.D.) in all subjects**
 - Focus on futuristic translational research
 - Promoting intra-disciplinary research
- Fully equipped minor and major Operation Theatres equipped with state-of-art equipment

Faculty Strength

All nine departments in Faculty of Dental Sciences has highly experienced and energetic faculty members with ethical and scientific mindset to carry forward the science of Dentistry, laying high quality stress on Research & Innovation in Dentistry and Applied Sciences. The majority of faculty members are actively involved in research projects aligned with their specific areas of specialization.

Research

Majority of Faculty of Dental Sciences faculty members, pursuing extramural research works of their specializations have sponsoring bodies like Science and Engineering Board, Indian Council of Medical Research, ICSSR, BIRAC, DBT and other corporate & social welfare sponsoring bodies.

UG students, regular participants in annual UG level research grant submission process have ICMR sponsored grants under Short Term Studentship. The Faculty members have contributed 141 articles, 50 books and 5 book chapters in this academic session.

The faculty has successfully filed patents, copyrights, and design patents, displaying their innovative contributions to the field. The faculty has also secured intramural grants to support research and development initiatives, further fostering innovation and academic growth.

Infrastructure

Faculty of Dental Sciences has various advanced clinical skill-based equipment including CAD-CAM, CBCT unit, Microscope Enhanced Dentistry units, mobile Dental Van, Dental Xpertz Clinic setup, surgical & allied support, Cleft Center – Nav Muskaan, separate Implantology Unit, major and minor operation theatres, special child clinics and full component sufficient number of dental chair units in each department making it a perfect environment for good clinical exposure and value based learning.

Preclinical Dental and Oral Pathological Laboratories assist in appropriate skill development for all academic programs. Inventories like lasers, RVG's, X-Ray units, Conscious sedation unit, Orthodontic need analysis equipment and Carbon Monoxide monitor are other supportive equipment.

Alumnus

Faculty of Dental Sciences alumni with their own private dental practices carry out clinical skills of Dental Science in their entrepreneurship. Alumni are also engaged in teaching, research and innovation at prestigious Public and Private Dental colleges affiliated to renowned Universities. In persuasion of higher studies, alumni joined reputed higher education institutions both in India and abroad.

Feedback from alumni supplements process changes in Faculty of Dental Sciences as a fast growing educational hub in dentistry.

2.6 Faculty of Education

The Faculty of Education began its journey in 2016, offering professional teacher training programs like the B.Ed. program. In 2019, the M.Ed. program was introduced, alongside the establishment of the Department of Special Education under the Faculty of Behavioral Sciences. In 2022, this department was integrated into the Faculty of Education. That year marked significant advancements with the introduction of specialized programs, including

B.Ed. Special Education (Intellectual Disabilities and Hearing Impairment), Diploma in Education Special Education (Intellectual Disabilities, Hearing Impairment, and Visual Impairment), and an Integrated B.Ed.-M.Ed. Special Education (Intellectual Disabilities). Additionally, Ph.D. Programs in Education (2021) and Special Education (2022) in Intellectual Disabilities, Hearing Impairment, and Visual Impairment, Learning Disabilities) were launched.

The Faculty of Education trains teachers for regular, inclusive, and special schools, particularly in the disability sector. Graduates also venture into private clinics or establish their own practices as special educators. With a commitment to excellence, the faculty nurtures teacher educators through holistic education, critical thinking, and entrepreneurial spirit, fostering inclusive societal growth.

The Faculty of Education has signed multiple Memorandums of Understanding (MoUs) with various organizations to enhance collaboration and development. These include the AICB Captain Chandanal Special School for Blind, Gurugram, on June 18, 2022; Bhavya Welfare Society, Ghaziabad, on July 9, 2022; and Khushboo Welfare Society, Gurugram, on August 22, 2022. Additionally, agreements were made with institutions such as GEMS Modern Academy, Gurugram, on October 14, 2021, and SCR Public School, Delhi, on October 8, 2021. These partnerships aim to foster educational initiatives and support specialized needs across communities.

The Faculty of Education exemplifies best practices through innovative initiatives like **OPD Udaan** and the **SGT Ka SPARSH**. OPD Udaan focuses on offering holistic support to children with diverse learning needs, integrating therapeutic, educational, and vocational interventions. Meanwhile, the SGT SPARSH Study Centre focuses on the educational development of school children across multiple specializations. It provides specialized resources and support to professionals working with children, aiming to create a better future and contribute meaningfully to society. Both initiatives emphasize collaboration, professional development, and evidence-based practices, fostering an inclusive and supportive learning environment for all.

The Department of Special Education houses a dedicated lab where trainees gain practical experience in managing children and young adults with special needs. Industry associations with schools—regular, inclusive, and special—provide immersive field visits, bridging academics and practical exposure. The department also engages with corporate and industry experts to foster multidisciplinary collaboration.

Our motto is to equip students with a Technological Pedagogical Content Knowledge framework, innovative teaching methodologies, action research insights, and enhanced counseling skills. The faculty aims to build a unique learning community and cultivate a **TASK (Talent, Attitude, Skills, and Knowledge)** force, making a meaningful societal impact.

2.7 Faculty of Engineering & Technology

The Vision of the Faculty of Engineering and Technology (FEAT) is to be renowned globally for imparting quality engineering education and research in interdisciplinary cutting-edge technology. The mission of the FEAT is to produce morally conscious competent leaders and engineering professionals. FEAT is truly a dynamic and diverse faculty offering a broad spectrum of programs in engineering and technology aiming to develop graduates who are ethical, technologically literate and ready for multicultural workplaces. FEAT programs are inline with industry & social needs with a strong focus on creative and critical thinking, problem-solving approach and the development of unique leadership skillsets. All programs are aligned with national priorities yet tailored to meet the demands and needs of the global employment market. With the support of industry experts, it integrates real-world practices with theory ensuring our students are equipped to address complex business problems.

In academic year of 2023-24, FEAT comprises of three departments viz Civil Engineering (CE), Computer Science & Engineering (CSE), and Mechanical Engineering (ME). Faculty offers UG programmes leading to B.Tech. in CE, CSE, and ME. It also offers M. Tech and Doctoral Degree Programs in Engineering disciplines. FEAT also offers BCA in Cloud Computing, BCA in Artificial Intelligence & Machine Learning and MCA programmes. The FEAT is establishing the Learners' Centric Academic Environment by adopting Flexible-Slot-Based Time-Table that empowers students to choose the subjects from the disciplines of their own interests. FEAT also enables the students to not only build a sound knowledge base in particular discipline but also applications widened across the disciplines. The curriculum is carefully designed as per international standards by adopting the most advanced learning systems viz Project Based Learning (PBL), Research Based Learning (RBL), Cooperative Learning and other learning tools & emerging learning modes. Class-rooms and labs are well equipped with modern teaching aids to facilitate the latest teaching and methodology.

FEAT has established unique 'Mentoring System' through which each student assigned to a Mentor. Mentor closely and carefully mentor the students to achieve excellence in their endeavours. They play a strong and vital role to ensure that students complete their degree program in an excellence manner. Mentor not only helps students to achieve their professional goals but also at the same time act as anchors who provide emotional, ethical and moral support throughout their tenure at the university. All the mentors have a deep sense of devotion towards maximizing the opportunities of development available to students within the campus and beyond. Mentor is the contact point for parents/ guardians for performance and conduct related issues of their wards.

FEAT has scholars with expertise in their respected fields of study and are brought on the board from well highly reputed institutions. FEAT has highly qualified and competent faculty members from IIT and NIT background in various departments and provides a vibrant and conducive environment for strong academic and research activities. The faculty members ignite

the curiosity of students for innovation and guide them to achieve higher levels of excellence. The faculty members have diverse experience of working in industry, academics as well as in research. They are dedicated to pedagogical approaches which are student-centric and experiential. Students are given plethora of opportunities to work on live projects that provide a platform to put theoretical knowledge into practical application. Faculty has adopted frequent practices as mentioned below to maintain the excellence in engineering and technology.

1. Continuous program/course improvement through self/outside assessment of program educational objective and student outcomes.
2. New initiatives and programs with changes in Technology and global interdependence, while serving society and commitment through technology solution.
3. Exposure to current trends & technologies, practice by the industry strong industry liaison.
4. Quality assurance by in house IQAC cell of academic programs through interdisciplinary accreditation
5. Commitment to delivery of Knowledge through innovative teaching methodologies.

Infrastructure & Facilities

FEAT is equipped with all modern facilities that include state of art computer labs and WIFI enabled campus. FEAT has specialized labs like IBM Lab, Apple Lab, AIML Lab, High performance Computing lab by NVIDIA, SMC lab, Robotics Lab and many more. The library is not only well stocked with latest collections of text books, reference books and scientific journals like IEEE but also offers e-learning tools for easier access to the knowledge. Online Expert Lecture (Spoken Tutorial), E-Journals with easy access, and online discussion forum (with Google Hangouts). In addition to the facilities mentioned above, students can also avail amenities like hostel, mess services, free medical services, sports complex, central library, transportation and immense facilities to excel in research and innovation etc.

The Corporate Resource Center (CRC) takes care of all the training and placement-related activities. Special credit courses have been developed to focus on campus to the corporate movement of the students includes soft skills and personality development sessions. Special focus is given to develop communication skills, Interview skills and group discussions as these are the basic prerequisites for today's professionals. Internship assistance, pre-placement workshops, and focused industrial visits are organized to develop general awareness and readiness for a successful transition to the work environment. In the last session, FEAT students were placed in various MNCs at very good packages including. FEAT is on its way to attaining excellence in academics, research and career development of students in the near future.

Centers of Excellence/ State of the Art Lab

FEAT has the following Centers of Excellence/ State of the Art Labs-

1. The SMC Lab (Pneumatics, Electro-Pneumatics, and Hydraulics) is a specialized facility designed to provide hands-on learning and practical experience in the field of fluid power systems. This lab is equipped with state-of-the-art equipment and components that allow students to understand the principles, operation, and applications of pneumatics, electro-pneumatics, and hydraulics. The lab offers students the opportunity to explore the fundamentals of fluid power and its applications in various industries. It provides a platform for students to engage in experiential learning, enabling them to gain a deeper understanding of how these systems work and how they are used in real-world scenarios.
2. The Robotics Lab at the Mechanical Engineering Department, SGT University, is a cutting-edge facility equipped with an ABB Manipulator IRB2600 robotic arm. This lab provides students with hands-on experience and practical training in the field of robotics, allowing them to explore the capabilities and applications of industrial robotic systems. The lab features an ABB Manipulator IRB2600 robotic arm, which is a versatile and high-performance industrial robot widely used in manufacturing and automation industries. The IRB2600 offers six degrees of freedom, allowing for complex and precise movements, making it suitable for a range of applications.
3. The Electric Vehicle (EV) Lab at the Department of Mechanical Engineering, in collaboration with EV ONE MOBILITY PRIVATE LIMITED, is a state-of-the-art facility dedicated to the study and research of electric vehicles. This lab offers students the opportunity to gain hands-on experience and practical knowledge in the rapidly evolving field of electric mobility. The lab is established in collaboration with EV ONE MOBILITY PRIVATE LIMITED, a leading company in the electric vehicle industry. This partnership ensures access to the latest EV technologies, expertise, and industry insights, providing students with a comprehensive learning experience.

2.8 Faculty of Fashion & Design

Fashion is most commonly associated with clothing and lifestyle products. It is normal for the fashion trends to change according to the seasons. Each season does bring fashion into a particular colour and style. Fashion is not just limited to female fraternity. Even men have been taken over by the fashion world. They have become more conscious of what is in trend and what is not. They pay more attention to their appearance than they did earlier. Children are also aware and prefer to wear what is in fashion. While seasons are a major contributory factor, the glamour world of modelling and acting are the actual fashion leaders. Fashion houses endorse the latest trends through the media, so everyone can know what's happening and what's not, you need to keep a keen watch on what models and actors are wearing, what kind of makeup do they have on and even the hairstyle they have done depends on the current fashion trends.

The Faculty of Fashion & Design at SGT University is poised to be a leading institute offering its students an ideal combination of fashion professional for corporate and academic excellence. We are constantly working towards our mission of delivering quality education and generating budding fashion professionals.

Faculty of Fashion & Design enables candidates to start exploring the techniques of fashion design by developing their skills beyond the basic level to the level required for excellence. After successfully completing the Fashion Design course, candidates who want to become economically empowered and self-sufficient will have to develop the skills to assist them in their endeavors towards the journey to be an entrepreneur. The Fashion Design course follows a project-based learning methodology that initiates from the concept stage, moves through the design process, and leads to the construction of products. Students get an opportunity to show the complete look of their collection based on a theme, made and styled by them, at our Annual Fashion Show. Students also do a self-styled photo shoot with a professional photographer and build their design portfolio. This way they can represent themselves as a professional, suitable for a career in Indian Fashion & Apparel Industry.

Fashion Design Career Opportunities:

- Fashion Designer
- Fashion Buyer
- Sampling Coordinator

2.9 Faculty of Hotel and Tourism Management

Faculty of Hotel & Tourism Management (FHTM) was established in 2014 with a vision of “Nurturing Future Hospitality Leaders and young aspiring Indians and to prepare better than the best students as per the hospitality industry expectations”.

Our mission is to impart knowledge on balancing theory with practice that enhances skills for immediate employment and entrepreneurship and to strengthen this reflection, we embark on a proven path that synthesizes and spreads the power of knowledge. To provide professional hospitality education, synergistically linked with market needs and trends.

FHTM strives to make its student industry ready by focusing on and developing the aptitude, skill and knowledge. The students here are given opportunities to enhance knowledge with inputs from in-house and industry experts via workshops, lectures and demonstrations so as to provide them a global exposure that makes them even more ardent and confident. We strive for a 360-degree development of the student by providing them soft skill training so as to groom him or her to the standards of the industry.

Students spend four years for Bachelor of Hotel Management, 3 years for B.Sc. (Hospitality Administration) & 2 years for Master of Hotel Management to attain a hotel and tourism

management degree at SGT University. The course is designed to provide complete knowledge that is required to serve the hotel and tourism industry. Aspirants who want to join this industry should be compassionate and dedicated. Some of the most reputed and premium institutions offer Bachelor, Master, and a Doctorate in Hotel and Tourism Management.

When a student spends an efficient time doing a degree program in Hospitality degree through study and internship program in a reputed five-star hotel, it provides an excellent way of broadening and developing students' dimensions in the hotel and hospitality industry. SGT University, a leading University, offers several employment opportunities for students in India and abroad. We are offering world-class education and training experience to our students.

SGT University has collaborated with national and international hotel and hospitality associations such as GEMS France, Vira International, PAX Mauritius Ltd., Perfect Pathway Global Services and THSC.

Our educational plans are designed to provide ample opportunities for students to train them to become industry-ready professionals. Also, we offer internship programs at various Luxury Hotels & Resorts in India and Abroad.

As the hotel and tourism industry is expanding its wings, trained and skilled professionals' requirement is increasing. The hotel management profession is considered as one of the most glamorous careers. These professionals should have the capability to handle challenging situations analytically and smartly.

2.15 Faculty of Nursing

The Faculty of Nursing (FNUR) was established as Dashmesh College of Nursing in 2012 and became constituted College of SGT University in 2013. The FNUR is committed to delivering comprehensive and skill-oriented nursing education, aligning with the evolving healthcare landscape; the faculty provides a wide array of nursing programs under one roof. These programs include Ph.D. Nursing, M.Sc. Nursing, NPCC, B.Sc. Nursing, Post Basic B.Sc. Nursing, GNM & ANM. The Indian Nursing Council, New Delhi, and the Haryana Nurses and Nurse-Midwives Council, Panchkula, recognize all the programs.

The curriculum is designed to equip students with in-depth knowledge, essential skills, and competencies to excel in various clinical and community healthcare settings. It goes beyond the traditional nursing roles, preparing students to become caregivers for patients, educators, researchers, nurse managers and administrators. This comprehensive approach is crucial in adapting to the dynamic healthcare environment.

The Faculty of Nursing emphasizes individualized attention, fostering a nurturing environment where students flourish.

The faculty provides ample opportunities for students to learn in both laboratory settings and real clinical environments. Through a parental 878-bed SGT Medical college & Hospital, students gain hands-on experience across various specialty areas and community healthcare setups. Additionally, training at the National Reference Simulation Centre enhances their skills through lifelike simulations through a tetra-partite collaboration involving the Indian Nursing Council, USAID-funded Jhpiego, SGT University, and Laerdal Medical.

2.16 Faculty of Physiotherapy

Faculty of physiotherapy, a constituent of Shree Guru Gobind Singh Tricentenary University was established in the year 2008. The courses are designed to prepare students bachelor's, masters and Phd. Degree in physiotherapy with the aim to develop foundation of research and evidence-based practice faculty of physiotherapy consist of more than 19 faculty members specializing in various fields who are highly qualified competent and experienced. Currently we have more than 450 students in bachelor's masters and Phd. Students of physiotherapy get exposure from SGT multispecialty hospital with more than 800 beds. In MPT FPHY provides specialization in sports, cardiopulmonary, orthopaedics, neurology, community rehabilitation, obstetrics and gynaecology. Faculty has state of art of research, exercise therapy and electrotherapy laboratories with latest machine and equipment's, smart classrooms industry exposure for students to practice.

2.17 Faculty of Applied & Basic Sciences

Established in 2014, the Faculty of Applied and Basic Sciences (Erstwhile Faculty of Science) at SGT University is dedicated to providing extraordinary education and training while actively engaging in cutting-edge scientific research and innovation. Faculty of Applied and Basic Sciences (FABS) aspires to attain global recognition as a leading institution in academia and research within India. Emphasizing impactful innovations in science and related fields, the faculty is committed to cultivating socially responsible and self-motivated future leaders with a comprehensive scientific mindset.

The FABS provides quality education, training, and research in the different fields of basic and applied sciences through its five departments: Department of Physics, Department of Chemistry, Department of Mathematics, Department of Forensic Science, and Department of Environmental Science. Various UG and PG programs offered by these departments are B.Sc. (Hons. with Research) Physical Science, B.Sc. (Hons with Research) Forensic Science, B.Sc. (Hons with Research) Statistics & Data Science, M.Sc. Physics, M.Sc. Chemistry, M.Sc. Mathematics, M.Sc. Data Science, M.Sc. Forensic Science and M.Sc. Environmental Science. Doctoral degree (Ph.D.) programs are also available in all five departments. All the programs have well-framed and prepared industry-oriented curricula. Further, all UG program curriculums have been updated, keeping NEP 2020 guidelines with a focus on fairly providing academic flexibility, ensuring skill and ability enhancement, industrial training, inculcating social values, and fostering research opportunities among the students to ensure their holistic development.

The faculty comprises accomplished individuals, predominantly holding Doctorates from esteemed Universities and Institutions or possessing NET/JRF qualifications. With extensive experience garnered from renowned Universities and Research & Development Organizations, these dedicated educators, in collaboration with enthusiastic students, are propelling the faculty towards its goal of becoming a preferred center for higher learning.

Aligned with the UGC's CBCS framework, the faculty has updated its curriculum and devised a creative teaching methodology in accordance with IQAC guidelines. The training programs are research-oriented and practical, fostering an innovative educational structure that integrates knowledge-driven activities for industry and societal benefit. This approach creates an engaging research environment, maximizing the accessibility and effectiveness of the education delivered. Additionally, students are actively enrolled in SWAYAM courses launched by the Government of India.

The faculty prioritizes providing state-of-the-art facilities, ensuring that the quality of education meets global standards. Opportunities for students to interact with peers from various professional and non-professional disciplines are actively encouraged, promoting cultural diversity and contributing to their overall development.

Graduates from the FABS have achieved success in diverse professions, securing teaching and research positions in both Government and Non-Government Institutions. In the previous year, 22 students secured on-campus placements, and two from the current batch have already secured positions. The range of opportunities available for students extends from roles as space scientists in organizations like ISRO and IIRS to positions as scientists in DRDO, BARC, and CSIR. FABS alumni have also excelled in government services such as IAS, PCS, PO, and Banking. Furthermore, students have found placements as chemists in various industries, as well as roles in environmental consultancy and as environmental scientists. The faculty's track record includes producing forensic experts who have successfully established themselves in diverse fields.

FABS has six academic associations of distinct domains to provide a platform for students to interact with distinguished and experienced academicians, distinguished scientists and industry experts to learn various aspects of different fields of sciences. Guest lectures by distinguished personalities and regular visits of students to different companies and Research & Development Organizations are steps taken to provide useful exposure to students.

Collaborations between universities and industries facilitated through mechanisms like MOUs, are essential for fostering innovation, preparing students for the workforce, conducting meaningful research, and promoting the overall development of both academic and industrial sectors. The faculty collaborates with several companies through commercial MOUs, which opens up more opportunities for students to further expand their learning and career horizons.

2.21 Research & Development Council

Introduction

Research is an activity that helps one find new facts and information, assists in unraveling new knowledge, and makes us understand the excitement of knowing the unknown. The role of research in Higher Educational Institutions (HEI) is critical for its long-term viability and development. Knowledge-driven growth based on innovation is an essential component of research in the pursuit of knowledge. Teaching, learning, research, and innovation are the backbone of a progressive HEI, and our University is dedicated to imparting quality teaching and providing a conducive ecosystem for research, innovation, and entrepreneurship. In order to carry out research activities systematically, it is important to have pertinent rules, regulations, and guidelines/policies in place, which could act as a guiding force for the smooth implementation of research schemes.

Our mission is to nurture the research culture at the University, especially in emerging and challenging areas across all disciplines. The focus is on expanding the scope and impact of undergraduate/postgraduate research by creating research & development opportunities at different levels and nurturing intra- & inter-institutional research collaborations. The University promotes shared responsibility for the ethical conduct of research & compliance and encourages quality research at par with international standards. We are committed to

supporting research and revising our guidelines/policies to keep pace with the changing research trends worldwide.

Accordingly, University has made various guidelines, regulations, and policies, which include:

- Research innovation policy with a focus on providing incentives for research projects, publications, and other research-related activities.
- Regulations for pursuing PhD.
- Fellowship to students pursuing PhD.
- Financial assistance for attending national and international conferences
- Financial assistance to faculty who wants to pursue PhD.
- Financial assistance to faculty in the form of an Intra-mural Research Grant and SYNERGY projects displayed at the University's annual techno fest.
- Sponsorship to faculty who attend the Faculty Development Program (FDP)/ course of SWAYAM/NPTEL upon successfully completing the examination.
- Deputation without financial support in India and abroad.
- Financial support for creating research infrastructure.
- Innovation and start-up policy focuses on identifying students/faculty/staff innovators to support and promote them toward evolving self-sustaining business models
- Cultivate an innovation ecosystem within the University to harness the entrepreneurial potential of young minds.
- Impart a supportive and vibrant environment to stimulate the innovative attitude of student/faculty/staff entrepreneurs, start-ups/MSMEs, and enable them to design technology-based products and services leading to job creation for strengthening the regional and national economy.

The vision of the Research & Development Council is to build the best ecosystem by promoting research, developing knowledge, and thereby contributing to the well-being of society at large, besides fostering innovation and entrepreneurship. The University supports researchers with intramural funds to develop the proof of concept and prepare them for scouting for extramural funding. The projects supported are monitored regularly. We also facilitate researchers to obtain extramural funding from various funding agencies and develop research infrastructure for inter-disciplinary & multi-disciplinary research.

Foreword

The University, since its very inception, has laid impetus on quality teaching, research & development, innovation & entrepreneurship, intending to promote critical thinking, a sense of adventure, and openness so that it could provide students with the necessary tools to tackle the challenges of their future and give them the confidence to adapt to the growing and changing environment around. Being innovative and creative in research allows us to understand concepts in a better way and take them to the next level. The University has

developed a number of policies, including the Research Policy, Research Promotion Policy, Plagiarism Policy, IPR Policy, PhD Admission & Fellowship Policy, and Research Incentive Policy, etc., to implement the research activities in a systematic manner. All the faculties of the University strictly follow these policies. The University actively fosters linkages with Government, Industry, Academia, and other relevant bodies so that our University is widely connected across different sectors and our students and faculty can avail better opportunities at national and international levels. The R&D Council actively disseminates information on funding schemes from Government/Private funding agencies to the various faculties and supports enhancing the quality of proposals. The R&D Council has regularly invited experts to deliver talks, organizing workshops & hands-on training, especially for undergraduate/postgraduate students to tap their research-inquisitive minds.

Annual Research Data (2023-2024)

The Research & Development Council (R&D) of the University aims to create and support research culture among its faculty and students and leverage it to enrich and enhance the professional competence of the faculty members. The compilation of the University's research data in the form of Research Grants, Journals and Conference Publications, Patents, etc., created a vibrant research profile of the University. The Council encourages undergraduates to do research projects that inculcate project writing skills at an early professional age. The R&D office is working enthusiastically for the smooth conduction of research activities throughout the 18 faculties of the University.

In 2023-24, the University received two Extramural Research Grants and two Conference Grants from various funding agencies (CSIR, ICSSR, MoEs, INCOIS, etc.) with a cumulative amount of ₹37.53 lakhs. 2.23 Corporate Resource Centre (CRC)

Introduction

The Corporate Resource Centre (CRC) at SGT University continues to uphold its mission of bridging the gap between education and industry. Our unwavering focus is on equipping students with the skills, knowledge, and competencies necessary to excel in their professional journeys. During the academic year 2023-2024, CRC advanced its transformative initiatives, emphasizing a seamless transition from the nurturing environment of academia to the dynamic world of "**Campus to Corporate.**"

Practices and Preparations at CRC

The Corporate Resource Centre (CRC) adopted a holistic approach to its placement processes, incorporating industry-relevant assessments such as technical and non-technical tests, aptitude evaluations, group discussions, and personal interviews. These measures were meticulously designed to identify and align the best talent with organizational requirements.

Beyond facilitating placements, CRC focused on preparing students for the professional world through initiatives such as capacity enhancement training, mock interviews, soft skills workshops, aptitude sessions, expert talks, industry visits, and internships. These comprehensive efforts

equipped students with the confidence, adaptability, and skills to thrive as future-ready professionals.

1. Skill-Building Initiatives

1.1 Student Capacity Enhancement Training

This program focused on balancing the development of technical and non-technical skills, fostering critical thinking, adaptability, and problem-solving abilities essential for addressing real-world challenges.

1.2 Soft Skills Training

Workshops and seminars were conducted to enhance communication, teamwork, leadership, and group discussion skills, enabling students to excel in collaborative and professional settings.

1.3 Aptitude Training

Specialized sessions focused on enhancing students' cognitive abilities, problem-solving techniques, and critical thinking skills, providing them with a competitive edge in the recruitment process.

1.4 Mock Interviews

Simulated interview sessions, with feedback from industry professionals, helped students improve their communication, presentation, and interpersonal skills, while boosting their confidence to succeed in real interview scenarios.

2. Internship Opportunities

The CRC placed significant emphasis on internships to provide students with real-world exposure. These opportunities were designed to align with students' career aspirations, enabling them to apply their academic knowledge in practical settings, develop industry-specific skills, and build valuable professional networks.

3. Industry Exposure

3.1 Expert Talks

In collaboration with faculty and student groups, the CRC organized sessions featuring industry leaders and professionals. These sessions provided students with valuable insights into market trends, career strategies, and industry expectations, offering a clear perspective on their professional pathways.

3.2 Industry Visits

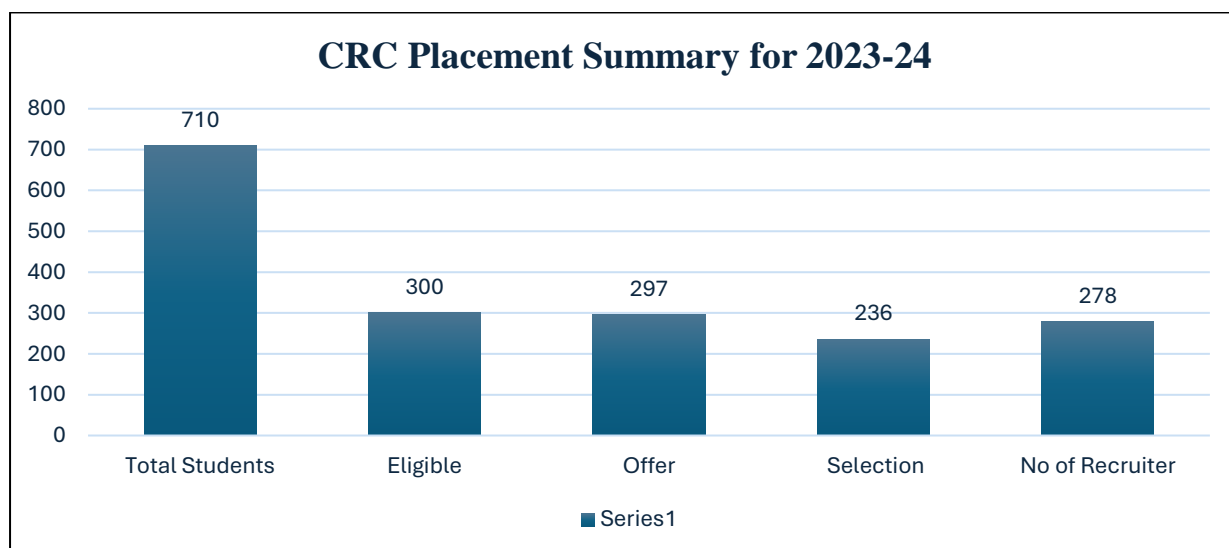

In partnership with various departments, the CRC facilitated industry visits, allowing students to observe the practical application of their academic knowledge. These visits offered them a comprehensive understanding of industrial processes and work environments.

4. Student Achievements

The tireless efforts of the CRC have led to remarkable achievements. Students from various faculties have secured placements in prestigious organizations and are excelling in their careers. Their success showcases the effectiveness of CRC's initiatives and underscores the university's commitment to producing industry-ready graduates.

5. Placement Statistics for 2023-2024

the ever-changing demands of the corporate world. Through collaboration with students, faculty, and industry partners, CRC aims to prepare students for successful professional journeys and to contribute as responsible global citizens.

With innovation, dedication, and excellence as its guiding principles, CRC looks forward to another transformative year of growth and impactful initiatives.

2.24 Synergy- 2023

Synergy 2023 unveiling the future of science, technology and innovation, where innovation and creativity converge to shape the future of science and technology. This annual event serves as a platform for students and professionals from across the country to showcase their creativity, collaborate on groundbreaking projects, and experience the excitement of cutting-edge advancements in various fields. "Innovation is the specific instrument of entrepreneurship. The act that endows resources with a new capacity to create wealth." - Peter Drucker It's a unique gathering that celebrates the spirit of innovation and the power of collaborative minds. It offers a space for participants to share their research, inventions and entrepreneurial ventures, while also providing valuable networking opportunities

and a chance to gain insights from renowned experts in the field of science and technology. As we embark on this journey of exploration and discovery, Synergy 2023 aims to inspire and empower individuals to push the boundaries of knowledge and creativity. Attendees have the opportunity to immerse themselves in the world of emerging technologies and transformative ideas that have the potential to shape the future. Synergy is not merely an event; it is a colossal umbrella under which a spectrum of projects and talents flourished, making it a truly holistic celebration of academic & creative achievements. Annually, SGT University takes pride in hosting the esteemed three-day Synergy event, a celebration that witnesses active participation and contributions from students across various programs, culminating in its resounding success. This year marked a historic milestone as we welcomed over 25,000 students hailing from more than 200 schools, surpassing previous records. The joyous spectacle of these young minds immersing themselves in the fest, their eyes gleaming with wonder and curiosity, was truly heartening. The event featured an impressive showcase of over 300 projects spanning diverse domains such as robotics, sustainable products, medical technology, media technology, dental and healthcare, among others. Their cutting-edge technological inventions included, to name a few, a bionic eye, an electric bike, a seam ripper machine, and a multipurpose agricultural machine. Beyond the realm of technology, Synergy 2023 encompassed a rich tapestry of cultural performances. The Nukkad Natak, with its visual narratives addressing social issues, left a profound impact. Traditional dance forms and soulful Bollywood singing added to the cultural vibrancy. Distinguished personalities from both industry and the state graced the occasion, offering valuable insights and appraising the commendable work presented by our talented students. The Synergy event welcomed esteemed personalities during its inauguration on Day 1. Dr. Azadar Khan, Senior Vice President of India Regulatory Affairs & Corporate Relations at Sun Pharmaceuticals

Industries Ltd., Dr. Pradip Kumar Saha, a National Consultant in the Ministry of Agriculture and Farmers Welfare, Government of India and Radio Personality RJ Naved Khan. On Day 3, the Valedictory Ceremony, was graced by prominent figures from the corporate and pharmaceutical sectors. Mr. Rajeev Juneja, Vice Chairman & Managing Director of Mankind Pharma Ltd. and Dr. Sudarshan Jain, Secretary-General of the Indian Pharmaceutical Alliance (IPA). Distinguished personalities from both industry and the state graced the occasion, offering valuable Insights and appraising the commendable work presented by our talented students. Distinguished by their pragmatic solutions to intricate challenges such as climate change, disease transmission, and mental health, these projects garnered special recognition from our esteemed panel of judges amidst the ocean of innovation. The culmination of their efforts was celebrated at the Valedictory Ceremony where recipients were honored with trophies and cash prizes.

Challenges:

As an International Training Centre for the American Heart Association, accredited to conduct courses in Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS), it is imperative for us to meet the requirement of training a minimum of 150 candidates annually. However, meeting this target poses a significant challenge due to difficulties in consistently attracting and enrolling the necessary number of candidates each year. This challenge necessitates a more proactive approach to recruitment and engagement to ensure we meet our training objectives.

We can effectively address the challenge of meeting the annual target of training a minimum of 150 candidates by making AHA certification mandatory for final-year MBBS students at nominal charges. By integrating Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS) certification into their curriculum, not only would we ensure a steady pool of candidates, but we would also provide the students with an invaluable qualification.

Faculty Recruited:

- Currently 11 faculty including Director
- 8 faculty recruited for both the wings in the last year
- 2 resigned, 1 from each wing

Equipment Identified in the old wing as the new wing became operational in August 2023.

2.26 Centre for Cosmology and Science Popularization (CCSP)

The Thanu Padmanabhan Centre for Cosmology and Science Popularization (CCSP), established in June 2021, is a platform to promote hardcore research in the field of Cosmology and Theoretical Physics and inculcate scientific knowledge to different societal strata through a science popularization program.

Vision:

CCSP was established with the vision to make it a premiere research centre to provide a platform to carry cutting-edge research in the field of Cosmology and Theoretical Physics. CCSP, as an autonomous centre in its short period of existence has brought a lot of laurels and accolades. The other major objective of the centre is to promote science through its science popularization program. In the long run, CCSP not only wants to become an acclaimed research centre but also wants to impact every stratum of society to inculcate scientific temper. Through its Ph.D. program, CCSP has the vision to produce the next generation of researchers to carry forward India's presence in Cosmology research globally.

Mission and objectives:

- CCSP wants to become an active member of the international observatories and experiments to provide students of CCSP and SGT, University with a global platform for research.
- Commencement of the Ph.D. program in 2023.
- Students and postdoctoral researchers will be appointed through the extramural grants ensured by the CCSP team.
- Starting the Astro Van program to reach every part of Delhi-NCR and Haryana to promote science.
- Establishment of a permanent planetarium and science centre.

2.27 Atal Community Incubation Center (ACIC)

ACIC SGTU Community Innovation Centre aims to create design-aware societies, enabling them to leverage design principles to build more human-centric, meaningful innovations. This is achieved by creating repositories of knowledge cantered on the core design principles of sensitivity, knowing and finding experience, and sustainability which will be accessible across centres for encouraging self-learning and growth.

This is done primarily by providing financial support, physical space, and mentorship through our grants and partnership programs. Our success hinges on our proven ability to work closely on the ground with our partners while providing strategic support to help them achieve scale and impact.

Objectives

ACIC-SGTU offers an opportunity to explore unique and incentivized solutions to encourage students, researchers, or any individual/group of individuals to ideate and design novel solutions. Our objectives are.

1. To offer an opportunity for everyone to innovate, ideate, and design impactful solutions, irrespective of their age: Big Ideas Start Small.
2. To support cross-community learning by providing enabling infrastructure and linkages: Empowering Society to Bring Change.
3. To build the capacity of community innovators in evolving technologies while also building upon traditional insights: Thinking Local, Acting Global.
4. To scalable design solutions for innovative offerings, encompassing the whole innovation cycle: Serving Society, Mind to Market.

2.28 Office of International Relations

The Office of External Affairs contributes to the internationalization of SGT University and broadens the global experiences of students, faculty, and staff. The Office of External Affairs oversees Student Exchange, Faculty Exchange, Joint Research, Study Abroad, International Students, and Scholars. The office facilitates and manages agreements with international academic institutions, hosts international delegations, and initiates and coordinates international education outreach activities and special events.

As SGT University enhances its mission for high distinction in teaching, research, and engagement, the Office provides leadership and innovation to facilitate international opportunities. It makes educational resources accessible for the campus, our international guests, and the community beyond. We also stimulate activities that celebrate diverse cultures, foster the exchange of ideas, serve as the central information hub for international activities, and support the growing international dimension of SGT University.

1. On August 23, 2023, the Office of External Affairs (OIR) at SGT University hosted a delegation from Budapest Metropolitan University led by Hungary by Dr. Péter Rada, Vice-Rector for International Affairs, and Ms Laura, a university representative. The meeting explored opportunities for collaboration in student and faculty mobility, short-term exposure initiatives, 2+2-degree programs, and collaborative research projects, particularly within the Faculties of Mass Communication, Commerce and Management, and Hotel Management. Discussions were fruitful, and both institutions are now in the process of formalizing agreements for these potential collaborations.
2. Visit of Ms Anchal Agarwal, Commercial Advisor, Embassy of the USA New Delhi, Delhi was held on 22nd September 2023
3. On 05th Jan 2024 we hosted the Ambassador of Hungary, H. E. István Szabó, and the First Counsellor, Economic and Trade Affairs, Dr. Ferenc Tóth, at the University regarding Collaboration Discussion.
4. Office of External Affairs (OIR) SGT University was privileged to host Mr. Zsolt Attila Nemeth (President of the Parliamentary Committee for Foreign Affairs of Hungary) and other esteemed delegates of the nation of Hungary for an event, where Mr. Nemeth presented his views on "World Order In Motion- European and Hungarian Perspective." Mr. Nemeth, in his charging speech, emphasized the importance of building bridges between India and Hungary and enhancing international relations, highlighting the substantial presence of Indian industries in Hungary, such as Tata and Apollo Tyres, and vice versa. He also expressed a commitment to attracting Indian students to Hungary through free education and scholarships.
5. Office of External Affairs (OIR) welcomed the Faculty members from the Hungarian University of Fine Arts on 13th Jan 2024, Ms Fruzsina, Costume Designer and Academician, Hungarian University of Fine Arts, and Ms Idiko Tihanyi, Costume and Production Designer Hungary under the Erasmus + agreement. They conducted a session for the faculty and students on costume designing for the theatre and focused on the new materials.

6. On January 24, 2024, the Office of External Affairs (OIR), SGT University hosted a distinguished delegation from Zoom Abroad, a leading UK-based EdTech organization specializing in international student career counseling and recruitment. Guided by Mr. Bill Rammell, President of Zoom Abroad, and accompanied by Vice President Sunita Jalan, the delegation shared insights into their offerings and highlighted the advantages of pursuing higher education in the United Kingdom. This visit provided valuable insights into international education opportunities and marked a significant step in strengthening the collaboration between SGT University and Zoom Abroad.
7. Visit of German varsity for Advance Studies Aachen, Germany for MoU signing:
SGT University signed an MoU with German Varsity for international project experience for students on 22nd March 2024.
8. Visit of Representatives from Vilnius Tech University Lithuania. On 3rd April 2024, the Office of External Affairs (OIR) welcomed Mr. Dovile Jodenyte, Director of International Office, Mr. Julius Griskevicius, Head of Biomedical Engg., Mr. Deepinder Bawa, India Representative at SGTU, for interaction with university heads. A session was conducted for the students to discuss opportunities of semester abroad program, and an introduction was given to the Vilnius Tech lab.
9. The Office of External Affairs (OIR) hosted a delegation from the Hellenic American University, Dr. Leonidas Tzonis, VC and CFO of Hellenic American University, USA. The discussions revolved around student and faculty exchange between the two universities and interested to have mutual interest in signing MoUs for student Exchange programs, Faculty Projects, Joint Research Collaboration, etc.
10. Visit of Dr. Ashish Arora, UK Consultant of Psychiatry, who visited and interacted with the science and medical students. His talk on "Moods disorder" on 03rd May 2024 at TV Studio SGTU was interesting and engaging.
11. Office of External Affairs (OIR) hosted the visit of Mr. Raj Vangapandu, President German Varsity, on 14th May 2024 to SGT University. He discussed the high-end skill mobility of faculty members and students to Germany.
12. The visit of Dr. Mandeep Kaur Chahal, Lecturer in Organic Chemistry, from Kent University, UK, was coordinated and hosted by the Office of External Affairs (OIR) on 14th June 2024. During her visit, she interacted with the Department of Chemistry, Faculty of Applied and Basic Sciences, to explore possible collaborations.
13. SGT University hosted an international delegation from Skills and Education Group, UK, on 20th January 2024. Meaningful discussions were held for collaboration in the areas of capacity building for teachers, courses for English proficiency, and other vocational courses in the areas of business and fashion. Mr. Scott Forbes, Deputy CEO of SEG, promised to extend his support in tailoring the capacity-building programs as per SGT requirements.

Inbound and Outbound Exchange Program

1. Dr. Mirna Mourtada-Maarabouni and Dr. Huseyin Cakal from Keele University, UK, visited the University for a week-long exchange program. While Dr. Cakal interacted with the faculty members as well as students of psychology, Dr. Mirna explored the scope of further cooperation between the two universities.
2. The Office of International Relations assists the students of SGT University – Faculty of Hotel & Tourism Management to explore multiple international internship opportunities.
3. Clinical Observership Program to Thumbay Rehabilitation Centre, Gulf Medical University, UAE.

Five students from the Faculty of Physiotherapy at SGT University participated in a student exchange program at Thumbay Rehabilitation Hospital, Gulf Medical University, Ajman, United Arab Emirates. The students were exposed to numerous assessment and treatment techniques using various advanced technologies and different clinical evaluation methodologies. For example, they were engaged in an exercise training session with D-wall real-time feedback, gait analysis, walker view, Iso view, and performing various exercises. They were also provided certification by the Commission on Accreditation of Rehabilitation Facilities (CARF). This 15-day program serves as a crucial stepping stone for individuals aspiring to be future physiotherapists, providing them with the knowledge, skills, and resources necessary to thrive in their environment and profession. The students thoroughly enjoyed themselves over the weekends during their visits to the most notable places in Dubai.

Meetings of Importance:

1. Meeting with His Excellency Kimmo Lähdevirta, Ambassador from Finland. The interactive session organized by Business Finland presented insights into the 75 years of diplomatic relations between India and Finland.
2. On October 19, 2023 our representatives attended a meeting at IIT Delhi with UIT, The Arctic University of Norway delegation. This meeting was organized by the Embassy of India, Oslo, Norway, on behalf of the Government of India.

2.29 Centre of Excellence for Andragogical and Pedagogical Sciences (CEAPS)

Andragogical Sciences encompass the science of teaching and learning processes of adult learners. The Centre of Excellence for Andragogical and Pedagogical Sciences (CEAPS) at SGT University is dedicated to advancing research and knowledge in adult (andragogy) learning. As a hub for educators and researchers, CEAPS promotes effective teaching methods, instructional design, and curriculum development tailored to diverse learner needs. The Centre offers professional development programs to help educators enhance their instructional techniques, assessment strategies, and classroom management skills.

Recognizing the educational shift driven by the pandemic and the National Education Policy 2020, CEAPS emphasizes the importance of continuous skill development for educators. The Centre aims to create engaging, innovative learning environments by focusing on learner-centred approaches and pedagogical principles. This initiative reflects SGT University's commitment to improving educational outcomes and acknowledges the critical role of lifelong learning in shaping individuals and society.

The Centre was established and inaugurated on 19th October 2022. Since the inception, the centre has undertaken numerous activities to advance the teaching and learning process at SGT University.

The landmark initiative that's CEAPS has undertaken is the "**Transformative Andragogy at SGT**" initiative, which is a groundbreaking effort to reshape the university's educational landscape. Launched in the summer of 2024, this initiative was developed in response to the evolving demands of modern education, emphasizing the shift from traditional teacher-centered methods to dynamic, student-centric approaches.

MOU with Skills and Education Group(SEG), UK

The seeding of this initiative began with the signing of Memorandum of Understanding (MOU) with the Skills and Education Group (SEG) in the UK in March 2024. This partnership provided SGT's faculty members with advanced training in facilitation, equipping them with the tools to excel in the evolving landscape of education.

The 3-month long training program by SEG, gave opportunity to few faculty to visit the higher education institutions in UK and understand their teaching and learning process. This visit was not a mere study tour but a profoundly immersive and practical experience, offering SGT's faculty an exceptional opportunity to acquire a thorough understanding of global teaching methodologies.

CHAPTER - 6

Admission Procedure

(As per 1st Ordinance of the University)

Admissions to the University are made strictly based on merit. The merit for admission is determined either based on marks or grades obtained in the entrance test conducted by the University or the marks obtained in the qualifying examination. However, admissions to professional and technical courses are made only through an entrance test.

Unfilled / dropout vacant seats in professional and technical courses are filled up by the University at their level by considering the marks obtained by the applicants in the qualifying examination and based on their inter-se-merit.

5	Master of Science. (Nursing) (Nurse Practitioner in Critical Care)	10	2 Years	Registered Bachelor of Science Nurse with 60% aggregate marks and with a minimum of one year Clinical Experience, preferably in any Critical Care
6	Master of Science (Nursing) [Obstetric & Gynaecological Nursing, Child Health (Paediatric) Nursing, Mental Health (Psychiatric) Nursing, Medical Surgical Nursing, Community Health Nursing]	30	2 Years	• Candidate should be a registered Nurse and Registered Midwife or equivalent with any State Nursing Council. • Bachelor of Science Nursing/Bachelor of Science Hons. Nursing/Post Basic Bachelor of Science Nursing with 60% marks. • Minimum one year work experience after Bachelor of Science Nursing. OR • Minimum one year work experience prior or after Post Basic Bachelor of Science Nursing.
7	Doctor of Philosophy (Nursing)	As per UGC norms		Master of Science (Nursing) with 55% marks
Faculty of Allied Health Sciences				
1	Bachelor of Science (Neuro- physiology Technology)	15	6 Semeste rs	10+2 with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject.

				Lateral entry : Passed two years Diploma in NPT after 12th standard.
2	Bachelor of Science (Medical Laboratory Technology)	40	6 Semesters	10+2 with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject. Lateral entry : Passed two years Diploma in MLT after 12th standard or three years Diploma in MLT after 10th standard
3	Bachelor of Science (Anaesthesia & Operation Theater Technology)	40	6 Semesters	10+2 pass with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject. Lateral entry : Passed two years Diploma in OTT after 12th standard
4	Bachelor of Science (Microbiology)	40	6 Semesters	10+2 pass with 60% marks in Physics, Chemistry and Biology/Mathematics taken together. English as one of the subject.
5	Bachelor of Science (Nutrition & Dietetics)	40	6 Semesters	10+2 pass with 60% marks in Physics, Chemistry and Biology/Mathematics taken together. English as one of the subject.
6	Bachelor of Optometry	30	8 Semesters (Including Internship)	10+2 with 60% marks in Physics, Chemistry and Biology/Mathematics taken together. English as one of the subject. Lateral entry : Passed two years Diploma in Optometry after 12th standard
7	Bachelor of Science (Radio-Imaging Technology)	80	6 Semesters	10+2 with 60% marks in Physics, Chemistry and Biology/Mathematics taken together. English as one of the subject. Lateral Entry : Passed two years Diploma in RIT after 12th standard

8	Bachelor of Science (Cardiac Care Technology)	40	6 Semesters + 1 Year internship	10+2 with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject. Lateral entry : Must have passed two years Diploma in Cardiac Care Technology/Renal Dialysis Technology/Perfusion Technology or equivalent after 12th standard.
9	Bachelor of Science (Perfusion Technology)	30	6 Semesters + 1 Year internship	10+2 with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject. Lateral entry : Must have passed two years Diploma in Cardiac Care Technology/Renal Dialysis Technology/Perfusion Technology or equivalent after 12th standard.
10	Bachelor of Science (Renal Dialysis Technology)	10	6 Semesters + 1 Year internship	10+2 with 60% marks in Physics, Chemistry and Biology taken together. English as one of the subject. Lateral entry : Must have passed two years Diploma in Cardiac Care Technology/Renal Dialysis Technology/Perfusion Technology or equivalent after 12th standard.
11	Bachelor in Audiology & Speech - Language Pathology	20	6 Semesters + 1 Year internship	10+2 with 60% marks in Physics, Chemistry, Biology and any one subject as Mathematics, Computer Science, Statistics, Electronics, Psychology subject

12	Master of Science (Nutrition & Dietetics) [Clinical Nutrition, Public Health Nutrition]	25	4 Semesters	Bachelor of Science (Food Science & Nutrition)/Bachelor of Science (Nutrition & Dietetics)/Bachelor of Science (Applied Nutrition)/Bachelor of Science (Home Science)/Bachelor of Science (Biochemistry)/Bachelor of Science with PG Diploma in Nutrition & Dietetics OR Bachelor of Science (Life Sciences/Biosciences) with Biochemistry & Food & Nutrition as one of the subject/paper OR any other equivalent & relevant qualification with 55% marks
13	Master of Science. (Medical Laboratory Technology) [Biochemistry, Microbiology, Molecular Diagnostics]	20	4 Semesters	Bachelor of Science (MLT)/Bachelor of Science (Nursing)/Bachelor of Science OR B. Tech. (Biotechnology)/ Bachelor of Science (Microbiology)/Bachelor of Science (Biochemistry)/Bachelor of Science (Life Sciences)/Bachelor of Science (Biological Sciences) with Biochemistry or Microbiology or Pathology as one of the subject or equivalent and relevant course with 55% marks
14	Master of Science (Anaesthesia & Operation Theater Technology)	15	4 Semesters	Must have passed Bachelor of Science OTT/Anesthesia Technology or equivalent degree with 55% marks
15	Master of Science (Radio-Imaging Technology)	40	4 Semesters	Bachelor of Science RIT or equivalent degree with 55% marks

16	Master of Science (Microbiology)	30	4 Semesters	Bachelor of Science (Microbiology)/Bachelor of Science (Biological Sciences)/Bachelor of Science (Life Sciences)/ Bachelor of Science Or B. Tech. (Biotechnology)/Bachelor of Science (MLT) Bachelor of Science (Nursing) or any other relevant qualification with 55% marks
17	Master of Science (Neurosciences & Neurotechnology)	10	4 Semesters	Must have passed B. Sc./B. Tech. in fields of Life Sciences/Biomedical Sciences/Applied or Allied Sciences/B. Voc./BPT/B. Pharm. Or related subject having studied biology at 10+2 level with 55% marks
18	Master of Science (Bio-Technology & Bio-Informatics)	10	4 Semesters	B. Sc. In any area of Life Sciences/Physical Science with 55% marks
19	Master of Optometry	10	4 Semesters	Bachelor of Optometry with 55% marks
20	Doctor of Philosophy (Microbiology)	As per UGC norms		Master of Science. (Microbiology) with 55% marks
21	Doctor of Philosophy (Nutrition & Dietetics)			Master of Science. (Nutrition & Dietetics) with 55% marks
22	Doctor of Philosophy (Neuro-Sciences & Neuro-Technology)			Master of Science (Neuro-Sciences)/Physiology/Life Sciences with 55% marks
23	Doctor of Philosophy (Molecular Biology & Molecular Diagnostics)			Master of Science (Molecular Biology)/Physiology/Life Sciences with 55% marks
24	Doctor of Philosophy (Radio-Imaging Technology)			Master of Science (Radio-Imaging Technology) with 55% marks
25	Doctor of Philosophy (Biochemistry)			Master of Science (Biochemistry)/Life Sciences with 55% marks
26	Doctor of Philosophy (Audiology)			

27	Doctor of Philosophy (Speech language Pathology)			
Faculty of Medicine & Health Sciences				
1	Bachelor of Medicine and Bachelor of Surgery	150	4 ^{1/2} Years + 1 Year internshi p	NEET Qualified
2	Master of Public Health	10	4 Semeste rs	Graduate degree in any discipline of Health Sciences/Allied Health Sciences/Life Sciences/Statistics/Biostatist ics/ Demography/Population Studies/Nutrition/ Sociology/ Psychology/Anthropology/S ocial Works with at least 55% marks
3	Master of Science (Medical Anatomy)	3	3 Years	B.Sc. Life Sciences or MBBS, BDS, BPT, BAMS, BHMS with 55% marks

4	Master of Law	40	2 Semesters	Graduation in Law with 55% marks
5	Doctor of Philosophy (Law)	As per UGC norms		Master of Law with 55% marks
Faculty of Engineering & Technology				
1	Bachelor of Technology (Computer Science & Engineering) [Blockchains, Cyber Security, Data Science]	240	8 Semesters	Passed 10+2 examination with Physics/Mathematics/Chemistry/ Computer Science/ Electronics/ Information Technology/ Biology/ Informatics Practices/ Biotechnology/ Technical Vocational subject/ Agriculture/ Engineering Graphics/ Business Studies/Entrepreneurship.(Any of the three) Obtained at least 60% marks in the above subjects taken together. OR Passed min. 3 years Diploma examination with at least 60% marks subject to vacancies in the First Year, in case the vacancies at lateral entry are exhausted.
2	Bachelor of Technology (Mechanical Engineering) [Robotics, Electric Vehicle, Computer Science Engineering]	30	8 Semesters	10+2 with 60% Marks with Physics and Mathematics as compulsory subjects along with any one out of Chemistry/Biotechnology/Biology/Technical Vocational Subject/Computer Science/Information Technology/Informatics Practices/Agriculture/Engineering Graphics/Business Studies LATERAL ENTRY : Diploma with at least 60% marks in appropriate branch of Engineering & Technology OR Bachelor of Science with 60% marks and passed Mathematics at the level of 10+2 OR Bachelor of Science stream with

				condition to pass Engineering Graphics/Engineering Drawing/Engineering Mechanics of First Year in the Second Year of study OR C. Voc. stream in the same or allied sector.
3	Bachelor of Technology (Civil Engineering) [Artificial Intelligence & Data Science/Research]	30	8 Semesters	10+2 with 60% Marks with Physics and Mathematics as compulsory subjects along with any one out of Chemistry/Biotechnology/Bi ology/Technical Vocational Subject/Computer Science/Information Technology/Informatics Practices/Agriculture/Engine ering Graphics/Business Studies LATERAL ENTRY : Diploma with at least 60% marks in appropriate branch of Engineering & Technology OR Bachelor of Science with 60% marks and passed Mathematics at the level of 10+2 OR Bachelor of Science stream with condition to pass Engineering Graphics/Engineering Drawing/Engineering Mechanics of First Year in the Second Year of study OR C. Voc. stream in the same or allied sector.
4	Bachelor of Technology (Biomedical Engineering)	30	8 Semesters	10+2 with 60% marks in aggregate with English as one of the subject in science stream

5	Bachelor of Computer Applications (Cloud Computing)	90	6 Semesters	10+2 with 60% marks in aggregate with English as one of the subject
6	Bachelor of Computer Applications (Artificial Intelligence & Machine Learning)	120	6 Semesters	10+2 with 60% marks in aggregate with English as one of the subject
7	Master of Computer Applications (MCA)	90	4 Semesters	Passed BCA/Bachelor Degree in Computer Science Engineering or equivalent OR Bachelor of Science/B. Com./ BA with mathematics at 10+2 level or at graduation level with 55% marks
8	Master of Technology (Civil Engineering) [Structural Engineering, Transportation Engineering, Remote Sensing & GIS]	18	4 Semesters	Bachelor's Degree or equivalent in the relevant field with 55% marks
9	Master of Technology (Computer Science & Engineering)	18	4 Semesters	Bachelor's Degree or equivalent in the relevant field with 55% marks
11	Master of Technology (Mechanical Engineering)	18	Same	Bachelor's Degree or equivalent in the relevant field with 55% marks
12	Doctor of Philosophy (Computer Science and Engineering)	As per UGC norms		Master of Technology in concerned specialization with 55% marks
13	Doctor of Philosophy (Electronics and Communication Engineering)			Master of Technology in concerned specialization with 55% marks
14	Doctor of Philosophy (Mechanical Engineering)			Master of Technology in concerned specialization with 55% marks
15	Doctor of Philosophy (Civil Engineering)			Master of Technology in concerned specialization with 55% marks
Faculty of Education				
1	Master of Education	50	4 Semesters	Must have B. Ed./BA B.Ed./Bachelor of Science B. Ed./B.El.Ed./D.El.Ed. (with undergraduate degree) with 55% marks

2	Bachelor of Education	100	4 Semesters	Bachelor's Degree and/or Master's Degree in Science/Social Sciences/Humanities with 55% marks OR Bachelor's in Engineering or Technology with specialization in Science and Mathematics with 65% marks
3	B. Ed. (Special Education - Hearing Impairment)	30	4 Semesters	BA/Bachelor of Science/B.Com with minimum 55% marks
4	B. Ed. (Special Education - Intellectual Disability)	30	4 Semesters	BA/Bachelor of Science/B.Com with minimum 55% marks
5	D. Ed. (Special Education - Hearing Impairment)	35	4 Semesters	Admissions through RCI
6	D. Ed. (Special Education - Intellectual Developmental Disability)	35	4 Semesters	Admissions through RCI
7	D. Ed. Special Education (Visual Impairment)	35	4 Semesters	Admissions through RCI
8	Integrated Bachelor of Education - Master of Education - Special Education (Intellectual Disability)	20	6 Semesters	Bachelor's Degree and/or in the Masters degree in Sciences/ Social Sciences/Humanities, Bachelor's in Engineering or Technology with specialization in Science and Mathematics with 55% marks or any other qualification equivalent thereto
9	Doctor of Philosophy (Education)	As per UGC norms		Postgraduate in Education with 55% marks
10	Doctor of Philosophy (Special Education) (Intellectual Disability)			M. Ed. Special Education in concerned specialization with a minimum of 55% marks
11	Doctor of Philosophy (Special Education) (Hearing Impairment)			M. Ed. Special Education in concerned specialization with a minimum of 55% marks
12	Doctor of Philosophy (Special Education) (Visual Disability)			M. Ed. Special Education in concerned specialization

				with a minimum of 55% marks
13	Doctor of Philosophy (Special Education) (Learning Disability)			M. Ed. Special Education in concerned specialization with a minimum of 55% marks
Faculty of Agricultural Sciences				
1	Bachelor of Science (Hons.) (Agriculture)	60	8 Semesters	10+2 with 60% marks in Physics, Chemistry, Biology/Mathematics taken together or Agriculture Stream
2	Master of Science (Agriculture) [Agronomy/Horticulture/Pathology/Genetics & Plant Breeding/Soil Science/Agriculture Extension/Agriculture Economics)	20 [6+4+2+2+2+2+2]	4 Semesters	Bachelor of Science in Agriculture/Bachelor of Science (Hons.) Agriculture/Bachelor of Science (Hons.) Horticulture with 55% marks
3	Master of Business Administration (Agribusiness)	10	4 Semesters	Graduate having B. Sc. (Hons.) (Agriculture)/ B. Sc. (Agriculture) 4 years/Horticulture/forestry/Home Science/Community Science/Dairy Science/Fisheries, B. Tech. (Agricultural Engineering). B.V.Sc. & AH with 55% marks
4	Doctor of Philosophy (Agricultural Sciences) [Agronomy]	2	As per UGC norms	Masters' in Agricultural Sciences in concerned specialty with 55% marks
5	Doctor of Philosophy (Agricultural Sciences) [Horticulture]	2	As per UGC norms	Masters' in Agricultural Sciences in concerned specialty with 55% marks
6	Doctor of Philosophy (Agricultural Sciences) [Genetics & Plant Breeding]	2	As per UGC norms	Masters' in Agricultural Sciences in concerned specialty with 55% marks
7	Doctor of Philosophy (Agricultural Sciences) [Soil Science]	2	As per UGC norms	Masters' in Agricultural Sciences in concerned specialty with 55% marks
Faculty of Fashion & Design				

1	Bachelor of Design (B. Des.) [Apparel & Lifestyle Products/Footwear Design & Development]	60	8 Semesters	10+2 with 55% marks in aggregate with English as one of the subject Lateral entry : Candidate who have passed minimum 3 years Diploma after 10th and 1 or more years after 10+2 with 55% marks or equivalent in any branch of Fine Art/Painting/Applied ART/Sculpture/Fashion & Apparel Design/Craft/Mass Media/Photography/Advertising/ Graphics/Animations etc or other relevant or allied fine arts and fashion design subjects
2	Master of Design (M. Des.)	10	4 Semesters	Bachelor degree in Fashion Design/Textile/Craft/Interior /Communication Design/Art/Fine Art/Mass Comm./Fashion Merchandising etc., or any other related equivalent degree with 55% marks
3	Master of Business Administration (Fashion Management)	10	Same	Bachelor degree in any discipline with 55% marks
4	Doctor of Philosophy (Fashion Design)	As per UGC norms		1. Post Graduation degree in the relevant area of Design, Management or Technology or equivalent qualification with 55% marks 2. Where the Master's Degree is found to be not relevant to the area of Research, a minimum 10 years professional experience (teaching/working) in the proposed area of research is required. The area of research of the candidate has to be relevant to the field of Fashion in Master of Science of Design, Technology and Management with 55% marks

Academic Initiative at Faculty of Dental Sciences, SGT University

At the Faculty of Dental Sciences, SGT University, we are committed to continuously enhancing our educational strategies to foster a more engaging and effective learning experience. As part of this commitment, we have undertaken a significant shift in our pedagogy, moving away from the traditional large group lecture format to a more student-centered approach.

This new model emphasizes small group tutorials, designed to facilitate a more personalized and interactive learning environment. By working in smaller groups, students benefit from closer interaction with faculty, allowing for more in-depth discussions, tailored feedback, and a deeper understanding of complex topics. This personalized attention helps to address individual learning needs and encourages active participation.

In addition to small group tutorials, we are integrating self-directed learning activities into our curriculum. These activities encourage students to take ownership of their education, promoting critical thinking and problem-solving skills. By engaging in independent study and

research, students learn to navigate their educational journey, preparing them for lifelong learning and professional growth in the field of dental sciences.

Furthermore, we are integrating various topics across disciplines to provide a more holistic understanding of dental sciences. By connecting different subjects and showing their relevance to one another, we help students see the bigger picture and understand how diverse concepts and skills are interconnected. This integrated approach not only enhances comprehension but also fosters the ability to apply knowledge in a more comprehensive and practical manner.

Through these initiatives, we aim to cultivate a learning environment that is engaging, interactive, and integrative, supporting both the academic and personal development of our students

.

Extension and Outreach Activities

The Department of Public Health Dentistry at SGT University's Faculty of Dental Sciences organized 148 dental screening and treatment camps from 1st August 2023 to 31st July 2024 across Gurgaon and Delhi, targeting schools, villages, urban areas, and industries. These camps aimed to promote oral health by conducting screenings for dental diseases, offering oral hygiene instructions, and providing on-site treatments such as oral prophylaxis, extractions, and restorations when needed. Through these efforts, the department sought to improve awareness and access to essential dental care for underserved populations.

The camps not only addressed immediate dental concerns but also emphasized preventive care by educating participants on proper oral hygiene practices. By reaching a wide range of communities, the initiative successfully bridged gaps in dental healthcare access, particularly in rural and industrial areas, showcasing the vital role of public health dentistry in improving community health.

Awards & Ranking

UG, PG and faculty members have won awards and accolades at various National and International Conferences and PG Conventions at academic platforms and also in co-curricular & social welfare forums. Faculty members have received prestigious fellowships from Board of Orthodontics, International College of Dentist (FICD, USA), FDSRCPS from Royal College of Surgeons and Physicians and Indian Board of Oral & Maxillofacial Surgery

Student activities and Academic initiative at FDS

In addition to their academic pursuits, students actively engage in a wide range of extracurricular activities each year, including Fresher's Day, Induction & Orientation Programs, Diwali Fest, Holi Fest, Symphonious (Musical Fest), and inter-college cultural and sports festivals. Our students have earned numerous accolades, bringing pride to the institution through their exceptional performances at various student fest events across colleges in the National Capital Region.

9.7 Faculty of Engineering & Technology

Academic Activities: Department of *Mechanical Engineering*

- Expert Talk on Product Development Cycle: An alumni talk by Mr. Chirag Arya from UNO MINDA PVT. LTD. was held on 28th August 2023, emphasizing the stages of product development.
- Industry Visit to the National Institute of Solar Energy: On 29th August 2023, students visited NISE in Gurgaon to gain insights into solar energy technologies.
- 2-Day Workshop on Creative Design and Precision: A hands-on workshop on AutoCAD, CorelDRAW, and CO2 LASER Cutting was conducted from 31st August to 1st September 2023.
- Expert Lecture on Innovations in Agriculture Machinery: Mr. Ritesh Kumar Singh from John Deere, Pune, delivered an online lecture on 9th September 2023 about sustainable engineering practices in agriculture.
- Industry Visit to Edgetech Air Systems Pvt. Ltd.: Students visited Edgetech Air Systems in Rohad, Haryana, on 15th September 2023, to explore industrial air systems.
- Interactive Session on Electric Vehicle Architecture: On 27th September 2023, Mr. Sushil Reddy from IIT Bombay conducted a session on electric vehicle architecture and social awareness.
- Oneness of the Nation Quiz Competition: A quiz competition was organized on 29th November 2023 to promote national unity among students.

- Industry Visit to National Small Industries Corporation (NSIC): On 30th November 2023, students visited NSIC in Okhla, New Delhi, to understand small industry operations.
- Expert Talk on Quality Assurance and Control: Mr. Vishwamitter Sharma from Honda Cars India delivered a talk on 1st December 2023, focusing on QC tools and defect analysis.
- 2-Day Electric Vehicle Training Program: From 21st to 22nd February 2024, a training program on electric vehicles was held, offering hands-on experience to students.
- 5-Day Workshop on Designing & 3D Printing: A workshop for Fashion & Design students on 3D printing was conducted from 19th to 23rd March 2024.
- Industry Visit to Amber Enterprises India: Students visited Amber Enterprises in Jhajjar on 27th March 2024, focusing on air conditioning manufacturing.
- Entrepreneurship Awareness Camp: A camp was held from 1st to 3rd April 2024, featuring talks from industry experts on entrepreneurship and MSME practices.
- Introduction to Electric Vehicles Workshop: On 9th April 2024, a hands-on workshop in collaboration with ACIC introduced students to electric vehicle technology.
- Industry Visit to EV Expo - RIDEASIA 2024: Students attended the EV Expo at Pragati Maidan, Delhi, on 19th April 2024 to explore the latest in electric vehicles.
- Expert Lecture on Shaping Bright Minds: Mr. Ajay Goel from Nagarro delivered an expert lecture on 7th May 2024, focusing on career growth and innovation.
- Alumni Interaction on Automotive Engineering: On 10th May 2024, Mr. Rakesh Yadav from Spark Minda shared insights on advancements in automotive engineering.
- Hands-on Workshop on Electric Vehicle Modeling: A workshop was conducted on 17th May 2024 by MathWorks, focusing on system-level modeling of electric vehicles.
- Alumni Interaction on Precision Engineering: Mr. Aparajay Sharma from Indo-Russian Rifles interacted with students on 20th May 2024 about careers in precision engineering.

Academic Activities: Department of Civil Engineering

- A site visit at Fly Ash Brick Manufacturing Plant, Daurala Border, Gurugram, Haryana, was organized on 24 August 2023, for the Civil Engineering students. Students learned about the brick manufacturing process with physical and chemical properties.
- A site visit at Prerna Realtech Pvt. Limited, Indra Gandhi University, Rewari, Haryana, was organized on 15 September 2023, for the Civil Engineering students. Students learned about the different structural components i.e., footing, slab, column, beams, truss, seating area etc. of the sports complex.
- A 02-Days Hands-on-Workshop was organized on Modeling and Detailing of Structures through Building Information Modelling (BIM) Software, 08-09 September 2023, for the Civil Engineering students. Students gained skills such as manual drawing using drafter, Auto Cad 2D & 3D, Revit etc during the workshop sessions.
- An expert lecture on Moving towards Smart Bharat and Our Role as Civil Engineers in Developing it - The Smart City Mission | The Understanding | The Progress, was

organized on 20 October 2023. Students were made aware of various domains of engineering that encompasses the national capacity building schemes such as Smart City, AMRUT, HRIDAY, etc.

- A 05-Days Faculty Development Program (FDP) on Effective Teaching: Strategies & Methodology, was organized, from 18-22 December 2023, in collaboration with Faculty of Education, for the engineering faculties. FDP sessions equipped the faculty members with updated teaching methodologies that help them to create more dynamic and interactive learning experiences, for the student.
- A site visit at L&T (Construction Site)-DIAL Phase 3A Expansion Project, IGI Airport, New Delhi, was organized on 07 February 2024, for the Civil Engineering students. Students learned about the lab experiments such as Ring and Ball Apparatus test, Dynamic Shear Rheometer test, Flexural Testing Machine, Digital UTM Machine.
- A guest lecture on Diverse Array of Job Opportunities & Smart Infrastructure and Construction Technology in Civil Engineering, was organized on 20 February 2024, in association with Corporate Resource Centre (CRC). Students were made aware of versatile and impactful career choice in the current sustainable and resilient infrastructure scenario.
- A 02-Days Hands-on-Workshop on Analysis and Design of Beam and Frame Structure through Manual Calculation and Software, was organized on 23-24 February 2024, in association with IIC, for the Civil Engineering students. Students gained skills related to analysis and design of beam and multi-storey buildings using STAAD Pro software.
- A 02-Days Hands-on-Workshop on Hydrological Modelling Using SWAT Tool in QGIS, was organized on 27-28 February 2024, for the Civil Engineering students. Students learned about the different application of SWAT tools and QGIS in Hydrology Modelling.
- A guest lecture on Real Estate Valuation, was organized on 02 March 2024, for the civil engineering students. Students were made aware of valuation methods in order to determine the monetary value of a property and the software such as Argus Enterprise, CoStar Suite etc. involved in that.
- A site visit at MRG World, Sector 90, Near Aarvy Hospital, Gurugram, Haryana, was organized on 30 March 2024, for the Civil Engineering students. Students learned about the foundation basics such as shallow foundations (such as strip, raft, or pad foundations) and deep foundations (such as piles or caissons) and different construction techniques.
- A seminar on Unlocking the Art of Research Paper Writing: Strategies, Techniques and Best Practices, was organized on 27 March 2024, for the Civil Engineering students. Students learned about the different types of research articles such as original articles, review articles, short communication, book chapters, etc.
- A 02-Days Hands-on-Workshop on Basic Characterization of Building Materials through IS Provisions, was organized on 19-20 March 2024, for the Civil Engineering students. Students learned about the testing procedures such as Compression Test, Tensile Test, Flexural Test, Moisture Content Test, Density and Specific Gravity Test, Abrasion Resistance Test, Chemical Analysis, Non-Destructive Testing (NDT) etc.

- A Hands-on-Workshop on Geometric Design of Highway through Open Road Software was organized on 22 April 2024, for the Civil Engineering students. Students learned about the standard codes used in highway design.
- A site visit at Geo Solutions India, Sector 17, Gurugram, Haryana 122001, was organized on 09 May 2024, for the Civil Engineering students. Students learned about the Differential Global Positioning Systems (DGPSs), Light Detection and Ranging (LiDAR), as well as Geographic Information Systems (GIS) software such as ArcGIS and QGIS.
- A guest lecture on Thought to Execution of Challenging Construction Projects: Sela Tunnel, was organized on 23 May 2024, for the civil engineering students. Student were made aware of project's lifecycle, engineering challenges, technological integration, teamwork, and leadership in tunnel projects.
- An Alumni Talk on the importance of high-rise building analysis and design in civil engineering and the role of software tools like ETABS was organized on 11 May 2024. Student learned about the latest softwares such as SAFE, ETABS etc.

Academic Activities: Department of Computer Science & Engineering

- Mr. Sandeep Singh coordinated an event on Coding test on 28th August 2023. Mr. Mohit Dhawan, from Xeta Consultancy, was invited as a speaker in the event.
- The department conducted a workshop on 'Microsoft Azure Knowledge Fest' on 29th August 2023.
- A guest lecture on 'DEVOPS' was organized on 9th September 2023 which was coordinated by Dr. Sumit Mudgil. Mr. Amit, from Incedo, joined as a speaker.\
- One day workshop on Drons by Aviate Academy was organized on 20th September 2023 which was coordinated by Dr. Sumit Mudgil and Dr. Amit Asthana.
- An Internal Hackathon was organized on 23rd September 2023. Dr. Roshi Saxena and Dr. Amit Asthana coordinated the event.
- A two-day workshop on 'Fintech Analytics' was organized from 25th October to 26th October 2024. Mr. Hilal Ahmad Shah coordinated the event.
- A two-day industrial visit to Network Bulls, Gurugram was coordinated by Ms. Satnam Kaur.
- The students participated in the International Hackathon, coordinated by Dr. Aarti Chugh, organized in Manipal University, Jaipur from 26th October to 27th October 2024.
- An 'Open House Counseling Session for UnoTest Preparation' was coordinated by Dr. Nancy Arya on 31st October 2023.
- The department organized 'Placement Manthan-2023' from 18th November 2023 to 20th November 2023. Mr. Sandeep Singh coordinated the event.
- Students participated in the 'Tech-event Hackathon' organized in Chandigarh University from 19th November 2023 to 20th November 2023. Mr. Hilal Ahmad Shah coordinated the event.

- An expert talk on ‘Inspiring and Enlightening Session for Career Opportunities’ was coordinated by Dr. Ashima on 21st November 2023.
- A one-day industrial visit to ‘SoftLife Technology, New Delhi’ was conducted on 24th November 2023. The trip was coordinated by Dr. Amit Asthana.
- An outreach activity to ‘Mankrola Village’ was conducted on 28th November 2023. The activity was coordinated by Ms. Sheetal.
- A seminar on Cyber Security was coordinated by Dr. Jyoti Godara on 27th December 2023.
- A visit to India International Science Festival, coordinated by Dr. Nancy Arya, was organized on 19th January 2024.
- A career counseling session, coordinated by Dr. Jyoti Godara, was organized on 5th February 2024.
- The department organized a workshop on ‘Enhancing Employability with ChatGPT’ on 9th February 2024. Mr. Rajat Sikka, Mr. Sushil Khosla was the guest speaker.
- A workshop on ‘Academia to Corporate’, coordinated by Dr. Aarti Chugh and Dr. Nancy Arya, was organized on 15th February 2024. Dr. Ajay Kabra from Business Excellence joined as a guest speaker.
- An industrial visit to ‘Apron Solutions Pvt Ltd’ was coordinated by Dr. Aarti Chugh and Dr. Ashima on 16th and 17th February 2024.
- The department organized a guest lecture on ‘Campus to Corporate’ on 26th February 2024. Dr. Aparajita Prasad was invited as a speaker.
- A ‘Code Sangam’ Hackathon, coordinated by Mr. Hilal, was organized from 27th February to 29th February 2024.
- A workshop on ‘IBM Skill Build Platform’ was coordinated by Dr. Aarti and Dr. Nancy on 27th March 2024.
- The department organized a TechFest ‘Pradarshan 3.0’ on 28th and 29th March 2024 and was coordinated by Mr. Inam and Mr. Hilal.
- An industrial visit to CRRI, New Delhi was coordinated by Ms. Satnam and Ms. Amritpal on 3rd April 2024.
- A workshop on ‘Virtual Lab’ was coordinated by Dr. Soni on 5th April 2024. Mr. Chadan Kumar from IIT Delhi was invited as speaker.
- A seminar for IEEE was delivered by Dr. Nancy and coordinated by Dr. Sugandha Singh on 19th April 2024.
- A seminar on ‘Sustainability for Industry’ was coordinated by Dr. Sugandha Singh and delivered on Dr. Aarti Chugh and Dr. Deepika on 19th April 2024.
- The department organized a webinar by Samsung on 1st May 2024.
- An ‘Open House Counseling Session’ was coordinated by Dr. Nancy Arya and delivered by Mr. Vishal Jain, Mr. Sunny Pathak and Mr. Aldrin on 20th May 2024.
- Placement and Internship fair ‘AVASAR-24’ was organized by FEAT, SGT University on 28th June 2024.

9.9 Faculty of Mass Communication & Media Technology

Comprehensive Report on the Events and Activities Conducted by the Faculty of Mass Communication & Media Technology (FMMT).

The Faculty of Mass Communication & Media Technology (FMMT) at SGT University undertook an array of events, workshops, and activities during the academic year 2023–2024 to nurture academic rigor and practical industry skills among students. From curriculum advancements to experiential learning initiatives, the department ensured a holistic development approach, engaging students in diverse and enriching experiences.

1. Academic and Curriculum Development

1.1 Board of Studies and Syllabus Approval

The department conducted three Board of Studies (BOS) meetings to revamp and upgrade the curriculum in line with the latest industry practices. Experts from academia and the media industry reviewed and approved critical updates, including:

Introduction of modules on Digital Media Marketing, AI in Journalism, and Content Strategy for Social Media Platforms.

Aligning the curriculum with national education frameworks to enhance its relevance and appeal. These updates aim to equip students with skills required in the evolving media landscape.

2. Student Orientation and Induction

2.1 Orientation Program for New Students**

The department welcomed its incoming batch with an elaborate **Orientation Program** in August 2023. The program featured:

- Inspirational talks by industry veterans, Sessions on campus life, academic expectations, and resources available to students.
- Ice-breaking activities and departmental tours to familiarize students with the facilities and faculty members.

This program provided students with a clear understanding of their journey ahead, fostering an early sense of belonging and motivation.

3. Experiential Learning and Industry Exposure

3.1 Visits to Media Houses

To bridge the gap between theoretical knowledge and practical application, students visited renowned media organizations such as:

TV9 Bharatvarsh: Students observed newsroom dynamics, live broadcasts, and editorial processes.

Lokmat: A guided session on digital production and investigative journalism.

These visits helped students gain firsthand insights into media operations and workflows, encouraging them to visualize their potential roles in the industry.

3.2 Seminars and Workshops*

Throughout the year, FMMT organized **56 seminars and workshops** on various aspects of media and communication. Few of them are as follows:

- **Workshop on AI and Media is conducted by FMMT in collaboration with R&D Cell
- **Photography Bootcamp was also organized by the department

These events were instrumental in broadening students' perspectives and improving their practical skills.

4. Flagship Events

4.1 MediaMaze Fest

The **MediaMaze Fest 2024***, held in February, was a landmark event showcasing students' creativity and talent. Highlights included:

- Competitions like **Ad-Mad**, **Short Film Screening**, **Debate on Media Censorship**, and Photography Contest
- Live performances and cultural displays celebrating media's role in society.

The fest attracted participation from universities across India, strengthening FMMT's reputation as a hub for creative exploration.

5. Skill Development and Specialized Training

5.1 Short-Term Certification Programs

Internal Training Sessions

Faculty members conducted sessions on essential skills like:

- News reporting and anchoring techniques.
- Camera operations and videography.
- Media research and data visualization.

These initiatives helped students build robust portfolios and gain a competitive edge in the job market.

INDEPENDENT AUDITOR'S REPORT

To

**The Board of Trustees,
Dashmesh Educational Charitable Trust**

We have audited the accompanying Financial Statements of **M/s. Dashmesh Educational Charitable Trust**, which comprise the Balance Sheet as at **March 31st, 2024**, and the Income and Expenditure statement for the year then ended, Receipts and Payment Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements. This responsibility includes maintenance of adequate accounting records for safeguarding of assets of the Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate policies; maintenance of adequate internal control for ensuring the accuracy and completeness of the accounting records relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Trust's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give a true and fair view:

- i) in the case of the Balance Sheet, of the state of affairs of the Trust as at 31st March, 2024;
- ii) in the case of the Income and Expenditure Account, of the Excess of Income over expenditure for the year ended on that date.
- iii) in the case of Receipts and Payment Account, of the Receipts and payments for the year ended on that date.
